*** Chapter 1 ***

General description of the child: essential nature and personality. Physical body and childhood.

Sun in Pisces:

The child of Pisces is extremely sensitive, intuitive and affectionate. She prefers to live in a world of fantasy, without timetables or routines. She eats only when she is hungry; she sleeps when she is sleepy; she plays when she feels inspired. Her attitude is reasonable but her hunger, sleep and play patterns change day by day. The best way to teach her to be disciplined is with love. She is extremely emotional, and she will change her attitude if she feels she is hurting her parents with her behavior. The adult world frightens her, and that is why she prefers to take refuge in her own world of fantasies. To avoid developing this innate escapist attitude, it is very important to assist and support her. She has extraordinary intuition, and she will sometimes surprise you with dreams and visions which then become reality. She perceives, but does not understand, everything that is happening around her. It is important not to argue (this is especially for her parents) in front of her, because she could feel that she is the cause. Her extreme sensitivity makes her feel the financial or domestic tensions. A good way to help her is by taking her to places close to nature. Her energy is renewed when she walks in the park, plays or stays at the beach, or just has fun in the backyard studying insects. It is important to let her have a dog or a cat. If she does not have one, she will create a pet within her imagination. Her solitude must be respected; she travels very far with her mind. Her inspiration makes her very good at music, dance, poetry and painting. Being so sensitive, any rough attitude hurts her quite easily, and it is common to see her crying. Sometimes she seems to be lying, but it is her imagination which makes her see things in an unreal context. Instead of repressing her, it is better to encourage her in writing or painting.

It will not be easy for Robyn Rihanna Fenty to adapt to the demands of school, but if she feels the love of her teachers, this will help her to fulfill her duties. Her behavior is very changeable, and sometimes it is contradictory. The little fish changes its course again and again, sometimes in enthusiasm for something new, but sometimes in order to avoid reality. Robyn Rihanna Fenty is very affectionate, and she will give love to all the people around her. She loves life itself, and she feels compassion for all human beings. Her parents must understand this to avoid hurting her sensitive feelings. While an adolescent, she will be very romantic. Her first loving experiences will be crucial, as they could mark her behavior in the future. If these experiences are not very positive, this child could have deep fears and insecurities. Parents should not laugh at her; on the contrary, they must support her. She is easily influenced; almost anyone can convince her to do something. She is easily deluded. She tries to escape whenever she gets hurt or feels fear, and may sleep a lot when this happens. Parents must not worry about this because the only certainty in her destiny is change. Children of Pisces need huge amounts of love and then they can face life and make their dreams come true.

Aries Rising Sign:

Robyn Rihanna Fenty was born with a strong body and full of energy. She will recover easily from illness in her early years. Her muscles are well developed and she will show great physical strength, lifting heavy objects or participating in sports as she grows. She will always need to be in motion, and she will want to do things her own way. She also will develop great pride, and will always want to be the first in everything. She likes to compete with others to show all her skills; Robyn Rihanna Fenty will always be a leader. She may have problems showing her feelings, especially her weaknesses and fears. In these cases, she will make jokes and try to distract everyone's attention. She tends to be impulsive and sometimes aggressive. Patience will not be one of her virtues, though as time goes by, she will calm down. Robyn Rihanna Fenty's courage will make her adventurous and mischievous too. If her Sun (as shown above) is located in Cancer

or Pisces, Aries rising will help her a lot in feeling secure. If the Sun is located in Aries, Leo or Sagittarius, she will be a restless infant, and will only need a few hours of sleep before waking up again, ready for action. A negative side is that Robyn Rihanna Fenty can be selfish, and perhaps won't share things with her brothers and/or sisters. She will have a noble heart and will be willing to help anyone in need; though she can be easily annoyed, she will never hold a grudge.

Her childhood is ruled by Mars, which lets her conquer the world of adults. Robyn Rihanna Fenty has enough confidence in herself to make it, and wants everyone to know it. That is why she needs approval and applause. She needs to admire her parents, especially the one of her own sex, because she will choose her as model. Robyn Rihanna Fenty may not show her feelings, thinking that being emotive is a sign of weakness. If the child is a girl, she may be a tomboy in her first years, and she will choose to climb trees, play with boys and run races instead of playing with dolls.

Moon in 1st house:

She will be very emotional, sensitive and inconstant. Her mood will depend on what is going on around her, not only the emotional climate, but also the weather conditions. Robyn Rihanna Fenty will be affected by the phases of the Moon. Her imagination is vast and her sensitivity is acute, and this will make her a very loving person who always gets the sympathy of others. This astrological position can bring fame and recognition, especially working with the public. She will be very protective of her friends, and will always attend to their needs. Because she is so impressionable, her mood can be sad due to a problem which is affecting a person she loves. She may be shy, but she will overcome it, as time goes by. Robyn Rihanna Fenty's childhood will be very important for her future, and she will also be attached to every place she ever lived. Female relatives will play an important role for this girl: mother, sisters, aunts, grandmothers, etc. Negatively, Robyn Rihanna Fenty can be moody, very nervous, restless and inconstant, and her friends may not be able to rely on her consistently.

Venus in 1st house:

This child will be good-looking with a charming personality. Her sympathy and sweetness will captivate everyone who comes in contact with her. Her manners will be graceful and delicate and she will be annoyed with noise, violence and hastiness. Robyn Rihanna Fenty will develop a refined sense of aesthetics and most likely will excel at any artistic activity. As everybody will love to be with her, she will be very successful socially. Her pleasant and warm way of treating people will put them at ease. As she will love pleasures in general and may tend to overindulge, she must be given good guidance in dietary habits. With soft colors and nice music, her temper will be always calm. Robyn Rihanna Fenty will be worried about the way she looks, and will have a refined taste for clothes, which will make her even more good-looking. She will solve her conflicts with diplomacy and equanimity. The negative side to this astrological position is that she can be a bit lazy and self-indulgent, she may not cooperate with others or pull her own weight, but will let others look after her. However, her charm will be irresistible.

Jupiter in 1st house:

She will be outgoing, optimistic and kind. She will have a great sense of humor and a vitality which will make her a big success in her social life. Robyn Rihanna Fenty will enjoy life itself, and she will be very generous. She will tend to do everything in a big, excessive and effusive way. Even her physical body will tend to be big. Parents must teach this girl to eat with moderation to avoid weight problems. She will love to travel and to explore every part of the world, and may even change her place of residence from time to time. The main problem Robyn Rihanna Fenty can face is that she will tend to be excessive in everything. She also may not be well organized and may lack discipline. Her happy-go-lucky and careless attitude can bring her

problems with the restrictions and rules of the adult world. She can be a bit lazy and will love to be waited on. The drawbacks which characterize this astrological position are very well hidden because Robyn Rihanna Fenty will always present a happy face and a very positive attitude toward life. This girl is lucky in every aspect of her life.

It is very important for her to develop a better awareness of others' feelings.

One of her parents may exhibit submissive or evasive behavior, and Robyn Rihanna Fenty will learn from him/her to shelter herself in a fantasy world. Her idealism will be great and disappointment may occur in her relationships with friends or lovers. In her emotional insecurity, Robyn Rihanna Fenty can easily play the role of a victim. She must learn to act with courage, facing problems and avoiding escapism, which will only make things worse. In the future, Robyn Rihanna Fenty will look for an idealistic love that will be almost impossible for her to find.

Jupiter in Aries:

Robyn Rihanna Fenty will need to admire her father and have more communication with him to strengthen her own identity. If this idea of God becomes very developed, Robyn Rihanna Fenty has the potential to be a religious fanatic. Her restless mind will make her plan many trips around the world.

Mars Conjunction Saturn:

Robyn Rihanna Fenty can have a conflict between her actions and her inhibitions. Though Robyn Rihanna Fenty will have a good ability to organize, it will not be easy for her to control the flow of her dynamic energy. Robyn Rihanna Fenty must learn to act and to make her aspirations reality, instead of thinking about them without ever making up her mind to do something.
